

Are your commercial kitchen exhaust projects as easy, profitable and visually appealing as they could be?

A LOT OF THINGS GO WRONG IN YOUR AVERAGE WORKDAY THIS WON'T BE ONE OF THEM.

Here's how **SELKIRK commercial venting can make a difference:**

- Installs quickly without field welding
- Fully code compliant
- UL tested and listed
- Complimentary factory design and layout assistance
- Modular and adjustable duct sections give installer flexibility

EASY

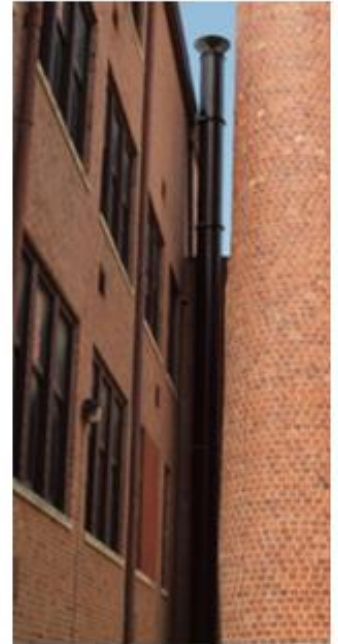

- No need to pay for a fire-watch given no on-site welding
- UL Listed Zero Clearance design only requires one inspection
- Field adjustable components

PROFITABLE

- Limited lifetime warranty
- No exposed insulation

APPEALING

- Factory-applied powder coat paint to match any decor
- Laser-cut logo designs and alternate materials to make your project stand-out
